

KETOPIA™

YOU'LL KNOW WHEN YOU'RE THERE

Welcome to the Ketopia village! You hold in your hands an exclusive 10-day program designed to safely and easily help you achieve and maintain nutritional ketosis. The Ketopia Reset program leverages the latest breakthroughs in science and nutrition to make your health goals realistic and tangible... finally!

It's time to press the reset button, and stop borrowing life and energy from our future. Health is a habit, not an event. Ketopia is our opportunity to take fat and turn it into energy; to reenergize our bodies and self-worth. You are one KetonX drink away from being on the bridge to Ketopia, and you'll know when you're there!

FOREVERGREEN™

IT'S TIME TO HIT THE RESET BUTTON

In today's world, foods are chemically altered, full of sugars, carbohydrates and empty calories, making them cheaper to produce and more addicting to consume. This craving-packed "carbolic" culture tempts us at every turn and entices our children. It's no wonder why we are sicker and heavier than ever.

We cannot create and sustain our dreams if we are stepping over our health to get there. The Ketopia Reset program has been designed to set you back on the path toward optimal health and wellness through ketosis.

BURN FAT, DON'T ABUSE CARBS

Ketosis is a natural metabolic state where the body burns fat for its energy, rather than carbohydrates. Fat offers 225% more energy than carbohydrates. Until now, this energy has believed to be out of reach, or at best, difficult to achieve.

PROOF WITHIN HOURS

Use the included "Peetopia Stix" to find your level of nutritional ketosis throughout the program. Test yourself an hour after your first KetonX drink, and each day thereafter.
